

Tauhid Shaikh

Node.js Backend Developer

+91 7414969691 | dev.tauhid@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Node.js Backend Developer with **4 years of experience** designing and building **scalable backend systems** for web applications and enterprise platforms. Skilled in **RESTful API development, database design (MongoDB, MySQL, PostgreSQL), cloud deployments (AWS), Docker, and CI/CD pipelines**. Experienced in optimizing server performance, designing **real-time systems**, and integrating **third-party services**. Delivered **10+ high-performance backend solutions** ensuring **99.9% uptime** and seamless client experiences.

SKILLS

- **Back-End:** Node.js, Express.js, REST APIs, GraphQL, JWT, OAuth, MVC, Socket.io
- **Databases:** MongoDB, PostgreSQL, MySQL, Redis (Mongoose, Sequelize)
- **DevOps & Cloud:** AWS (EC2, S3), Docker, GitHub Actions, Jenkins
- **Testing & Tools:** Postman, Swagger, Jest, VS Code
- **Front-End (supporting skills):** React.js, HTML5, CSS3, JavaScript, TypeScript, Bootstrap, Tailwind
- **Others:** PDF/Excel Generation, Function Point Analysis, Real-Time Systems, WebSockets, WebRTC
- **Project Management:** Agile, Mentorship, Client Communication

EXPERIENCE

Full Stack Developer | Mentor | Office Coordinator

Tekisky Pvt. Ltd. – Nanded, MH | Sept 2024 - Present

- Designed and maintained **backend APIs** for multiple full-stack projects with **Node.js** and **MongoDB**.
- Provided mentorship on backend development, **RESTful API design**, and **database optimization** to students and junior developers.
- Managed office operations and client communication, ensuring smooth **project delivery**.

Node.js Backend Developer

Redbytes Software – Aurangabad, MH | Nov 2022 – Sep 2024

- Developed **RESTful APIs** for **Transport Management Systems** and **enterprise-level Animal Tracking SaaS** serving **10k+ users**.
- Built **subscription pricing calculators** and **cost estimation tools** using **Function Point Analysis**, improving **software cost accuracy by 25%**.
- **Optimized CI/CD pipelines** with **Docker** and **GitHub Actions**, reducing **deployment time by 20%**.

MERN Full Stack Developer

Tekisky Pvt. Ltd. – Nanded, MH | Jul 2021 - Nov 2022

- Built and maintained **backend services** with **Node.js** and **MongoDB** for web applications supporting **50k+ monthly active users**.
- Integrated **CRUD APIs** with mobile applications for **real-time data synchronization**.
- Improved **server-side performance** and **data management efficiency**.

PROJECTS

- [Poultry Management Application](#) (MERN Stack) – Designed **backend APIs** for managing **sales, purchases, vehicle trips, and role-based access control**.
- [NEIEA NGO Portal](#) (MERN Stack) – Built **Node.js backend** for **admin operations, courses and donations management, and data handling**.
- [MPGI College Portal](#) (MERN + TypeScript) – Developed **backend RESTful APIs** for **college admin panel, student data management, and reporting**.

EDUCATION

Dr. Babasaheb Ambedkar Technological University – Lonere, MH

Bachelor of Technology - Electronics and Telecommunication, Aug 2021

CERTIFICATIONS

Diploma in Python Web Development

FirstBit Solutions, Pune | Feb 2021 – Jul 2021

- Completed **300-hour intensive training program** in Python web development covering **Python, Django, HTML, CSS, JavaScript, DBMS, MySQL**.

MERN Full Stack Web Development

Tekisky Pvt. Ltd., Nanded, MH | Jul 2021 – Nov 2021

- Completed **4-month** training program in MERN Full Stack Web Development covering **HTML, CSS, JavaScript(ES6+), MERN Tech Stack and related tools**.

LANGUAGES

- **Hindi:** Native
- **English:** Professional working proficiency
